DIVISION OF MEDICAL QUALITY**

**MODEL DISCIPLINARY ORDERS AND  
DISCIPLINARY GUIDELINES**

~~The Division recognizes that these penalties and conditions of probation are merely guidelines and that mitigating or aggravating circumstances may necessitate deviations. If there are deviations or omissions from the guidelines, the Division always appreciates it if the Administrative Law Judge hearing the case will include some explanation of this in the Proposed Decision so that the circumstances can be better understood by the Division during its review of the case for ultimate action.~~

*Business and Professions Code section 2229 mandates protection of the public shall be the highest priority for the Division of Medical Quality (DMQ) and for the Administrative Law Judges of the Medical Quality Hearing Panel. Section 2229 further specifies that, to the extent not inconsistent with public protection, disciplinary actions shall be calculated to aid in the rehabilitation of licensees. To implement the mandates of section 2229, the DMQ has adopted the Manual of Model Disciplinary Orders and Disciplinary Guidelines (guidelines), 9<sup>th</sup> Edition. Consistent with the mandates of section 2229, these guidelines set forth the discipline the DMQ finds appropriate and necessary for the identified violations. In addition to protecting the public and, where not inconsistent, rehabilitating the licensee, the DMQ finds that imposition of the discipline set forth in the guidelines will promote uniformity, certainty and fairness, and deterrence, and, in turn, further public protection.*

*The DMQ expects that, absent mitigating or other appropriate circumstances such as early acceptance of responsibility and demonstrated willingness to undertake DMQ ordered rehabilitation, Administrative Law Judges hearing cases on behalf of the DMQ and proposed settlements submitted to the DMQ will follow the guidelines, including those imposing suspensions. Any proposed decision or settlement that departs from the disciplinary guidelines shall identify the departures and the facts supporting the departure.*

~~Probation conditions are divided into two categories: 1) Standard Conditions that generally appear in all probation cases; and 2) Optional Conditions that depend on the nature and circumstances of the particular case.~~

*The Model Disciplinary Orders contain three sections: three (3) Disciplinary Orders; twenty-four (24) Optional Conditions whose use depends on the nature and circumstances of the particular case; and thirteen (13) Standard Conditions that generally appear in all probation cases. All orders should place the Order(s) first, optional condition(s) second, and standard conditions third.*

## **~~STANDARD PROBATION CONDITIONS~~**

~~(To secretary typing order: Please type optional conditions first, then follow with standards.)~~

~~The ten standard conditions generally appearing in every probation case are as follows:~~

- ~~1. Obey all laws [29]\*~~
- ~~2. Quarterly reports [30]~~
- ~~3. Probation surveillance program compliance [31]~~
- ~~4. Interviews with the Division or its designee [32]~~
- ~~5. Tolling of probation [33]~~
- ~~6. Completion of probation [34]~~
- ~~7. Violation of probation [35]~~
- ~~8. Cost Recovery [36]~~
- ~~9. License Surrender [37]~~
- ~~10. Probation Monitoring Costs [38]~~

~~\*The bracketed number [29] refers to the number of the model condition spelled out in full in the Model Disciplinary Orders.~~

~~Any new or changed conditions are so noted with the word "New" in the margin of the Disciplinary Guidelines Section which follows:~~

~~*The Model Disciplinary Guidelines list proposed terms and conditions for more than twenty-four (24) sections of the Business and Professions Code.*~~

Under no circumstances shall a post office box serve as an address of record, except as allowed by Business and Professions Code section 2021(b).

Respondent shall not engage in the practice of medicine in respondent's place of residence. Respondent shall, ~~at all times~~, maintain a current and renewed California physician's and surgeon's license.

Respondent shall ~~also~~ immediately inform the Division or its designee, in writing, of ~~any~~ travel to any areas outside the jurisdiction of California which lasts, or is contemplated to last, more than thirty (30) calendar days.

**3233. Interview with the Division; or its Designee ~~or its designated physician(s)~~**

Respondent shall ~~appear~~ be available in person for interviews either at respondent's place of business or at the probation unit office, with the Division ~~or~~ its designee ~~or its designated physician(s)~~ upon request at various intervals and ~~with reasonable~~ either with or without prior notice throughout the term of probation.

**3334. ~~Tolling of Probation~~ Residing or Practicing Out-of-State**

In the event respondent should leave the State of California to reside or to practice, ~~outside the State or for any reason should respondent stop practicing medicine in California~~, respondent shall notify the Division or its designee in writing ~~within ten~~ 30 calendar days of ~~the prior to the~~ dates of departure and return ~~or the dates of non-practice within California~~. Non-practice is defined as any period of time exceeding thirty calendar days in which respondent is not engaging in any activities defined in sections 2051 and 2052 of the Business and Professions Code.

All time spent in an intensive training program outside the State of California which has been approved by the Division or its designee shall be considered as time spent in the practice of medicine within the State. A Board-ordered suspension of practice shall not be considered as a period of non-practice. Periods of temporary or permanent residence or practice outside California ~~or of non-practice within California, as defined in this condition~~, will not apply to the reduction of the probationary ~~order term~~. Periods of temporary or permanent residence or practice outside California will relieve respondent of the responsibility to comply with the probationary terms and conditions with the exception of this condition and the following terms and conditions of probation: Obey All Law; Probation Unit Compliance; and Cost Recovery.

Respondent's license shall be automatically cancelled if respondent's periods of temporary or permanent residence or practice outside California totals two years. However, respondent's license shall not be cancelled as long as respondent is residing and practicing medicine in another state of the United States and is on active probation with the medical licensing authority of that state, in which case the two year period shall begin on the date probation is completed or terminated in that state.

**(OPTIONAL)**

Any respondent disciplined under B&P Code sections 141(a) or 2305 (~~sister~~ - another state discipline) may petition for modification or termination of penalty: 1) if the other state's discipline terms are modified, terminated or reduced; and 2) if at least one year has elapsed from the effective date of the California discipline.

**35. Failure to Practice Medicine - California Resident**

In the event respondent resides in the State of California and for any reason respondent stops practicing medicine in California, respondent shall notify the Division or its designee in writing within 30 calendar days prior to the dates of non-practice and return to practice.

Any period of non-practice within California, as defined in this condition, will not apply to the reduction of the probationary term and does not relieve respondent of the responsibility to comply with the terms and conditions of probation. Non-practice is defined as any period of time exceeding thirty calendar days in which respondent is not engaging in any activities defined in sections 2051 and 2052 of the Business and Professions Code.

All time spent in an intensive training program which has been approved by the Division or its designee shall be considered time spent in the practice of medicine. For purposes of this condition, non-practice due to a Board-ordered suspension or in compliance with any other condition of probation, shall not be considered a period of non-practice.

Respondent's license shall be automatically cancelled if respondent resides in California and for a total of two years, fails to engage in California in any of the activities described in Business and Professions Code sections 2051 and 2052.

**3436. Completion of Probation**

Respondent shall comply with all financial obligations (e.g., cost recovery, restitution, probation costs) not later than 120 calendar days prior to the completion of probation. Upon completion successful of probation, respondent's certificate shall be fully restored.

**3537. Violation of Probation**

Failure to fully comply with any term or condition of probation is a violation of probation. If respondent violates probation in any respect, the Division, after giving respondent notice and the opportunity to be heard, may revoke probation and carry out the disciplinary order that was stayed. If an ~~a~~Accusation, or ~~p~~Petition to r~~Revoke p~~Probation, or an Interim Suspension Order is filed against respondent during probation, the Division shall have continuing jurisdiction until the matter is final, and the period of probation shall be extended until the matter is final.

**3638. Cost Recovery**

Within 90 calendar days from the effective date of the Decision or other period agreed to by the Division or its designee. ~~The respondent is hereby ordered to~~ shall reimburse the Division the amount of \$ \_\_\_\_\_ ~~within 90 days from the effective date of this decision for its investigative and prosecution costs. Failure to reimburse the Division's cost of its investigation shall constitute a violation of the probation order, unless the Division agrees in writing to payment by an installment plan because of financial hardship. The filing of bankruptcy or period of non-practice by the respondent shall not relieve the respondent of his/her responsibility~~ obligation to reimburse the Division for its ~~investigative~~ costs.

**3739. License Surrender**

Following the effective date of this ~~d~~Decision, if respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the terms and conditions of

probation, respondent may ~~voluntarily tender his/her certificate to the Board~~ request the voluntary surrender of respondent's license. The Division reserves the right to evaluate ~~the~~ respondent's request and to exercise its discretion whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the ~~tendered-surrender license~~, respondent shall within 15 calendar days deliver respondent's wallet and wall certificate to the Division or its designee and respondent shall no longer practice medicine. ~~r~~Respondent will no longer be subject to the terms and conditions of probation and the surrender of respondent's license shall be deemed disciplinary action. If respondent re-applies for a medical license, the application shall be treated as a petition for reinstatement of a revoked certificate.

#### **3840. Probation Monitoring Costs**

~~The r~~Respondent shall pay the costs associated with probation monitoring each and every year of probation, as designated by the Division, which may be adjusted on an annual basis. Such costs shall be payable to the Medical Board of California and delivered to the Division or its designee ~~Division of Medical Quality and delivered to the designated probation surveillance monitor~~ no later than January 31 of each calendar year.
